

10 Asks To Make Cycling Better & Safer for All

#GE20

- Allocate 10% of transport funding to cycling
- Establish a National Cycling Office in Dep. of Transport, Tourism & Sport
- Provide high quality cycling infrastructure networks that enable Cycling for All
- Introduce a default 30 km/h speed limit in urban areas
- Prioritise the provision of school streets and safe routes to school
- Rebalance transport expenditure to prioritise public transport, walking & cycling
- Introduce a subsidy scheme for E-bikes similar to the E-car scheme
- Update the National Cycle Manual as a matter of urgency
- Land use planning for urban development to prioritise active travel
- Prioritise enforcement by An Garda to protect people walking & cycling
